

## Inquiry of Trading In Futures Subject

House Rules Committee Agree On  
An Investigation of the Grain and  
Cotton Dealings

Washington, March 7.—Congressional investigation of the entire subject of trading in futures both grain and cotton has tentatively been agreed on. Chairman Henry of the House Rules committee so told Henry S. Robbins counsel for the Chicago board of Trade at the hearing on Representative Manahan's resolution to investigate the grain exchanges of Duluth, Chicago and Minneapolis.

Mr. Robbins said if an investigation of the grain exchanges were ordered the Chicago board of trade favored a sweeping inquiry into the whole subject. Chairman Henry replied that it was planned to do that and carry out the platform pledges of the Democratic party. Whether legislation to regulate cotton futures trading will be occupied with laws for grain dealings has not been decided.

Mr. Robbins said he favored a commission of senators, representatives and men from private life. He mentioned President Hadley of Yale University as the type of man he had in mind.

### Has Nothing To Conceal

The Chicago board of trade has nothing to conceal, he declared. We favor the fullest and most comprehensive investigation possible if you decide that any investigation is necessary or advisable.

essary or advisable.

Defense of the practices of wheat pits was made today by C. H. Canby, president of the Chicago board of trade. The Chicago board, he said, was merely a market place; monopoly through its instrumentality was impossible.

Mr. Canby insisted he had personal knowledge that sharp and even bitter competition exists between the elevator companies in Chicago. An exception was made in 1905, he said when a pool lasted for three months and collapsed of its own weight. That, he said, was a period when the Sherman act was a dead letter on the statute books and business morals were at a low ebb. He vigorously refused charges that the Chicago board participated in monopolistic operations.

Charges that growers were damaged through the process of mixing grains, he declared, is a base slander on honest inspectors. He read telegrams from buyers, saying they found nothing unsatisfactory in the Illinois inspection.

### WHITE SLAVE FILM

#### IS DECLARED TO BE IMMORAL

New York, March 7.—The jury which witnessed white slavery motion picture films in the court of general sessions convicted Samuel H. London, who wrote the story depicted by the film, and Harry C. Bohn, manager of a theater where it had been produced of showing pictures of an immoral character. The jury deliberated less than an hour. Extreme clemency was recommended, and the defendants were paroled for sentence next Thursday.

If you had rendered a verdict of acquittal, Judge Swann told the jury, these films would have been shown broadcast over the country. The

counsel for the defense has admitted that the reels show actual but appalling conditions, but that is no justification for their being shown in the public.

### WHITE WOMEN DEMAND LIGHTER SENTENCE

Threaten To Recall Judge Who Gave  
Negro Thirty Years For Kissing  
a White Girl

Los Angeles, Cal., March 4.—Protests, threats of recall and denunciations poured in today upon Judge Willis of the criminal department of the superior court, because of his action yesterday in sentencing to thirty years imprisonment Charles Guyton, a young negro, convicted of highway robbery although his only loot was a white girl's kiss.

Deputations of white women visited the judge today to demand that action be taken to save Guyton from such severe punishment. Telephone messages informed him that petitions were being prepared for his recall. Other women called in person saying that steps would be taken to procure a pardon from the governor.

Judge Willis explained that the negro had been convicted of highway robbery. He had taken a dime from the white girl although he had given it back after he had kissed her and he had subjected six other young women to similar treatment, besides criminally attacking to negro girls.

One deputation of women visited the district attorney to learn what procedure was necessary to impeach the judge or otherwise remove him from office.
